DETAILED ACTION

Drawings

1. The drawings were received on September 17, 2001. These drawings are accepted by the Examiner.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

The closest prior art of record fails to teach or suggest the recited label sheet construction. The independent claims identify the uniquely distinct features of a substrate that include a weakened line segment in the face stock sheet and not through the liner sheet. The closest prior art of record, La Mers, disclose a label sheet construction, which either singularly or in combination, fail to anticipate or render obvious the above limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Patricia L. Nordmeyer whose telephone number is (571)272-
